The Entrepreneurs Forum of Greater Philadelphia is launching our 2009 programming calendar with an exciting opportunity to experience today's mobile phenomenon first hand.

- *Learn how mobile technologies can enhance your business.*
- *Hear presentations from entrepreneurs that are developing the next generation of mobility.*
- *See demonstrations of products that can help you, today and in the future.*
- *Hear from Roy Rosin, Intuit Small Business Division, leader of Innovation Programs. Roy has been at Intuit for 13 years and previously managed the Quicken software business unit.*
- *Network with your peers. Hors D' Oeuvres and a cash bar will be provided.*

We are partnering with Mobile Monday Mid Atlantic and Temple University, Fox School of Business to sponsor this event. Mobile Monday is an association of entrepreneurs and interested parties dedicated to fostering a vibrant mobile community in the Mid-Atlantic region from Princeton to Philadelphia to Baltimore. They have graciously opened their event to the Forum.

(A voluntary \$5.00 donation at the door is appreciated)

Please Note: This event replaces the Forum's usual Tuesday night program in January.
